A good puzzle game, could be better though. (more levels)

Nice to personalize your profile.. Aaaaaaaaaaaaaaaaaaaaaaaaaaasssssssss.

..... a simple very addictive game with good graphics and sound. plays well on win7 64bit.

. Yeah... I don't know wtf these tools are talking about. Games For Windows works just fine for me on Windows 10. It's not abandoned. It ties into Xbox Live. There is no troubleshooting required. The people here who left bad reviews are probably just complete morons and aren't qualified to even own a PC.

Nonetheless... GFWL is no reason to downvote the game itself , which is superb. It's basically the wet dream for any World of Warships fan or anybody who loves naval warfare. This game has a unique feature where you can directly control any ship, carrier, plane, or sub on the battlefield. From the cockpit or bridge in first person or third person view. You can even switch between main battery weapons, secondary, and AA guns. It also has RTS elements.

For \$10,00 you can't go wrong. I'm happy I bought the game, and I'll be picking up Battlestations; Midway as well. I love these older titles. :)

nothing like subnautica, not an open world. i found it boring and not much point.. THIS GAME IS ♥♥♥♥♥ING FUN , It takes a while to understand the story at first but it creeps on you just like the levels of the game. if you manage to get to the bonus levels and finish them you probably have a high IQ.. I love it! After finishing Osmos, i thought i would never play something that good again, and then i find this!. waiting for Kushina Road to Ninja, :D. awesome fun with this game . thank for idea dev that make Crush you enemy for me. 10/10 You can kill your friends and take all their stuff

- You can play chicken fight with your friends
- Squad with your friends and kill other friends
- Squad with your friends and kill enemies
- Squad with your friends and hunt
- Squad with your friends and go on a looting spree
- Squad with your friends and do quests together
- Squad with your friends and solve puzzles
- Delve into caves with your friends
- Play hide and go seek with your friends
- Chop down trees with your friends
- Laugh at your friends when they get stuck and can't move
- Laugh at your friends when they die from falling
- Get stuck running around at night scared to death with your friends
- Swim with your friends and even drown with your friends
- Build with your friends and destroy with your friends
- Live with your friends and die with your friends

If you have no friends, there are plenty of NPCs and animals to talk to. Game is an absolute gem.. I kinda wish there were more games like this.. WhenNinja Gaiden, a game released in 1988 is a better platformer than you, you know you have made mistakes. This meme filled rage game is not an enjoyable time at all. With mismatched graphics that range from decent pixel art to crap clipart, terrible voice acting, and the least fun checkpoint gauntlets I have seen in a long time, please don't waste your time like I did. If you already own this game because of a sale or bundle, first, my condolences, second, just idle for cards and uninstall.

Also, this game ends with a♥♥♥♥♥shaped tank, and it wasn't even a well done♥♥♥♥♥tank.
